

RIGHT ON TARGET

May, 2017

I am going to cover 2 months. The April Long Range league match was rained out and that brings us to the May Long Range league match. Kenny Padilla gives us the run down.

What a great day to shoot. At least the first two matches were great. By the time we started the last match El Capitan started misbehaving and conditions started getting tricky. The last half of the last relay of the day was a real bear to deal with. That's life at El Capitan!

The F-Class clinic will be held on June 30th the afternoon before the State Match and I will keep you posted on the time.

That brings us to smallbore prone league. Sha files the following reports.

APRIL 9,2017

Good morning shooters, it was a miserable day at the range for the first day of our season' Mother nature prayed no favorites on anyone. The F-class shooters were the only ones to brave the wind. As you can see, Mr. B took First, what a great day to be with friends putting rounds down range.

Good morning shooters,

what a glorious day we had at the range. Just look at Jim Gopher hunting. The little guy tried to distract us by coming out of his hole and eating grass. I am sure he lived to see the afternoon. we missed all the shooters that could not be there today you missed a really nice day' I want to thank everyone for supporting the Capitan Hi power shooting club. Don't forget that we will be having the FRNA Banquet July 15, 2017 doors open at 6 you all need to come out and support them. we are taking donations so that the club can underwrite some of the items to show we support our rights.

Thanks

I didn't receive scores for high power I will send them along when I get them. As you can see the shooting season is well under way. Coming events: Hi power league on Saturday the 10th, one day only. Smallbore prone league on Sunday the 11th. State smallbore prone championships on the 17th and 18th and finally in June the high-power regional we sponsor at Whittington Center in Raton. Programs for everything should be on the website, www.capitanhipower.com. And by the way, Mike has redone the website. It should be easier to navigate. July 1, 2 will be the F Class State Championship, I will attach the program for it. Also, there will be an afternoon F Class clinic on Friday June 30th for those of you who are interested.

We had an impromptu meeting this past Saturday after the June long range match to discuss how we wanted to proceed with our neighbor. It was generally agreed that we need legal advice first and it could be expensive. Then if counsel felt like a friendly meeting with the neighbor was in order, we would give it a try. It was also agreed that if we could purchase his land, it would solve all our problems. But funds being what they are!
